

COMPANY BACKGROUNDER

ABOUT SERVICE KING COLLISION REPAIR CENTERS

Service King Collision Repair Centers was founded in 1976 in Dallas, Texas upon the vision of placing the customer at the center of the repair experience. Today, the spirit of our founder Eddie Lennox has fueled Service King into the collision repair provider of choice at hundreds of locations across every corner of the U.S.

The Carlyle Group purchased majority ownership of Service King from founder Eddie Lennox in 2012 and played a vital role in Service King's growth outside its home borders of Texas. Shortly thereafter in 2014, premier global investment and advisory group, Blackstone, acquired the majority ownership of Service King Collision Repair Centers.

Currently, Service King operates 335 locations in 24 states and completes all work with a written lifetime warranty. Its home office is located in Richardson, Texas.
